TOUCHWALL

INTERACTIVE HALL OF FAME

TOUCHWALL FEATURES

Software That Grows With Your School

Packaged in an intuitive software program, your branded design comes complete with:

- Modern and dynamic start screen layouts.
- Custom tab designs tailored to your unique requirements.
- Unlimited image uploads.
- Multiple search options for easy access to information.
- Rich profile pages with text, photos and video.
- Content management system for real-time updates.

Hardware Durable For Ages

TouchPros' tempered glass touchscreens are made for high-traffic environments.

All hardware comes standard with a full three-year manufacturer's warranty.

Choose from eight screen sizes including:

32-, 42-, 46-, 55-, 65-, 75-, 86- and 98-inch options.

Unparalleled Support

Guiding you every step of the way, our support team will help organize the project from the start, be there to assist during all phases of development and installation and remain a phone call or email away should any question or concern arise.

Post installation we provide timely assistance whenever needed.

TOUCHWALL OPTIONS

Cloud Hosting

Share your TouchWall with school supporters anywhere in the world with our cloud hosting. A dedicated web address that can be viewed from any mobile device, tablet or personal computer connects the hall of fame to off-site viewers. Standard with cloud hosting are calendar and Twitter integration, unlimited software upgrades, daily backups and dedicated phone and email support.

Video Capability

Stream video from profiles, galleries and home screen content to bring your TouchWall to life. With video capability sharing content is simplified via easy upload of MP4 files or embed from video providers such as YouTube and Hudl.

Custom Tab Options

Display content your way with a custom tab. Move your yearbooks online, capture signing day moments, proudly display records or maybe you have something not yet produced on a TouchWall. The choice is yours.

Content Import

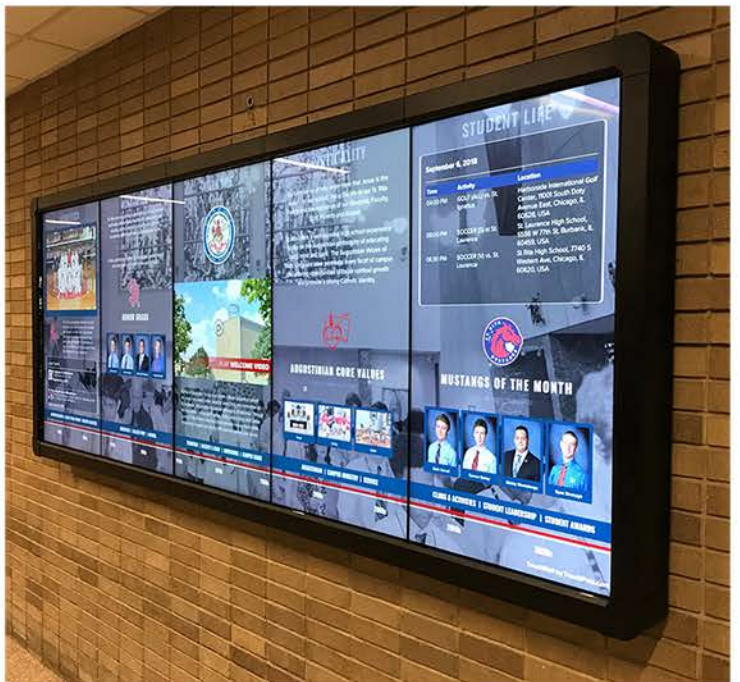

Worried about digitizing a seemingly endless cache of physical history? Lean on the TouchPros production team to accelerate and streamline the import process. By selecting one of our content import services, you offload the most time-consuming tasks. Let us import all of your image and text content by scanning, cropping and uploading your history. If you have yearbooks to upload, our team can digitize all years available. When finished, your job becomes easier to maintain year to year.

Extended Warranty

Extend the standard, commercial-grade three-year warranty to five years providing even greater peace of mind. The extended warranty includes advance site replacement of equipment -- minimizing any down time.

On-Site Installation

Professional installation of the TouchWall by the TouchPros team. On-site installation by our certified installers ensures a perfect fit every time, no matter the location.

TOUCHWALL XL

Six Options, Unlimited Recognition

Impressively impactful starting at 8-feet wide, our multi-panel TouchWall XL product provides an experience like no other. The ultimate in school recognition and achievement, this product highlights designated content on any of the screens or toggles to full screen view. Multi-touch technology allows up to 32 simultaneous interactions with pinpoint accuracy fostering a community atmosphere where everyone has access to all historical information.

Engineered for the school that never follows, content is displayed in unparalleled clarity and vibrancy exceeding 4K resolution. Archives come alive with directional sound that immerses visitors standing at the screen ... and stand they will for years to come as the touchscreen is made with a rugged glass front that borders on indestructible.

Content is easily managed through an intuitive web-based content management system for real-time posting of images, text and video files. Training and support is included and provided as schools have come to expect from TouchPros ... timely and exceeding expectations.

Inquire Today Regarding TouchWall XL

Available in three-, four- and five-panel options in portrait screen sizes of 46- and 55-inches.

TOUCHWALL ENHANCE

Beautify Your TouchWall

Custom Enclosures

Enclosures are available in one-, two- and three-piece configurations with fully custom graphics unique to your school. Manufactured from strong, lightweight AlumaCorr™ designed to be durable in high traffic locations. Brings additional attention and focus to your TouchWall.

Wall Wraps

Wall wraps are laser cut to exacting specifications to match the dimensions of your wall space with pricing based on the size of the wall to be covered. Transforms a plain wall into a work of art with your TouchPros TouchWall as the center of focus.

TOUCHWALLS NATIONWIDE

Interact with a TouchPros' TouchWall near you. Our product is located at high schools (public and private) and at colleges/universities of all division levels. For the most up-to-date information on our growing list of locations, please visit us online at www.TouchPros.com.

"Working with TouchPros is one of the best decisions we have made. The entire experience, from ordering to the data-entry training was easy, and the TouchPros team was extremely professional. The number of compliments we have received on our board has been overwhelming, and we look forward to adding even more to it."

-Phil Applebee
Athletic Director
Maroa-Forysth High School (IL)
